“I wanted a school that would prioritize helping me get a job. Hult taught me how to map out my career search and interview successfully to seal the deal. These skills helped me get my current job at Deloitte.”

Michele Bianchi
Italian
Analyst, Deloitte
Master of Finance Class of 2015

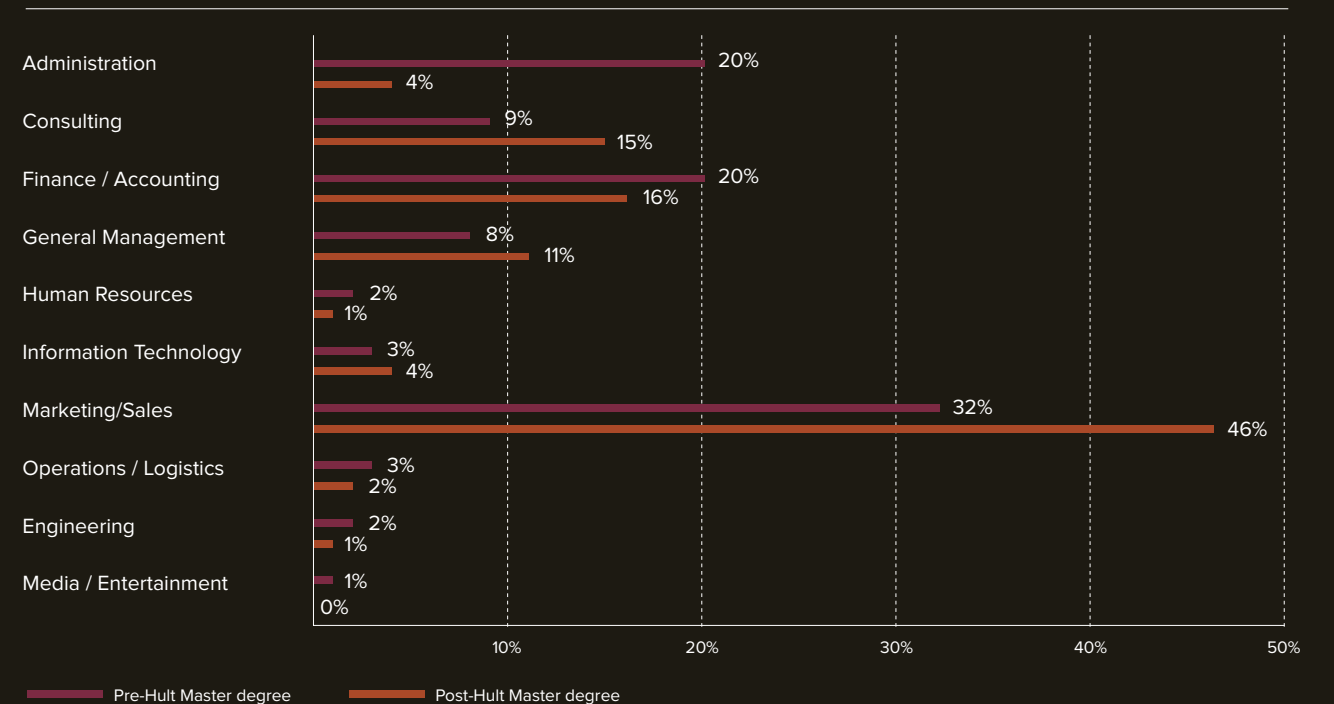

“My end goal was to go into consulting, but I didn’t have any experience in that field. I did the Career Fast Track program to solidify my career plan before I arrived on campus, and I had an appointment with my personal career adviser in my first week. The skills I gained at Hult working in crossfunctional and culturally diverse teams with fast turn-around times were excellent preparation for my role as a consultant.”
